230317	6-4	To Gen Vehicle Co	Reqt fwd Curtiss set of drawings showing propeller hub to fit Gnome engine	736

N.S.E. Form 134.

Ge — Gk

Number.	Date.	From or To—	Subject.	
227697	5-17	To General Vehicle Co	Fwds copy of ~~above~~ letter from Vickers Ltd and asks if will accept condition, and assume responsibility for plans.	736
210919	3-15	To GE	Fwds prints of searchlights.	130-3
232458	6/7	Genl Ship Bldg & Aero Co.	Submarine chasers; asks if will approve 6" dials of ship telegraph	1-Z-4
772	6-6	pGeneral Vehicle Co	Wo 1 make test on engine 33208	629
232244	6-7	To GE Co	Reqt delivery of rotors to Southern Oxygen Co be expedited.	793-1
533	6-9	To Gen Vehicle Co	Acknowledges receipt of copy of instru book No 2 for Gnome Engines.	629
772	6-9	To Gen Vehicle Co	Assigns Bu number 5443 to Gnome engine 33208	629
233391	6-11 p	G. E. Co.	Ny reqtn. 379 for 58 36" hig. powered searchlights gives delivery dates can make.	708
233393	6-12	G. E. Co.	conversion of 36" lights now in service to high powered type; are building sample and will submit new ~~samples~~ quotations about June 16th.	708
772	6-12	To Gen Vehicle	Re delivery of first five engines on contr.	629
233506	6-7	GE Co	Circulating pump; provision for specification for Elec equipment.	698-2

Number.	Date.	From or To—	Subject.	
228010	5-10	Gen Elc Co	Elec propelling machinery; quotes figures for supplying; for all 5 received reduces cost.	1-BB-9
436 W	5-7	GE	36" searchlights for anti-aircraft; reqt information as to which vessel will get lights.	629
227991	5-14	To GE Co	Returns extra set of pages, latest revision of May 5th for industrial Control Handbook.	688
224341	5-14	To GE Co	Submits report on test of Alexandersons apparatus.	875
227466	5-12	To GE Co	Test of transmitting equipment at Marconi High Power Station. Gives test schedule established.	903
228414	5-14	General Vehicle Co	Rotary aeroplane motors, Gnome type; status of completion of present contracts and placing of aditional orders.	736
228415	5-14	General Vehicle Co	Clerget engines; submits est time and cost for from 200 to 500, 130 HP.	736
228638	5-9	Gen Shipbuilding & Aero Co	School seaplane; specification.	736
229275	5-15	Geo. Wash Univ	Are creating a course in Naval Architecture and Marine Engineering and reqt loan of machinery and techinical publications.	707

N.S.E. Form 134.

Ge -- Gk

Number.	Date.	From or To—	Subject.	
228457	5-19	To GE Co	Reqt est covering reqinding of motor.	615-8
229019	5-17	Gen Lead Batteries Co	Calls attention to their batteries.	607
29338	5-18	GE Co	Engine lathes, motor driven; GE Co reqt auth to substitute RF motor for RLG	629
'229788	5-22	Gen'l Ship Bldg & Aero Co	.Request plans.	1-Z-8
229804	5-23	~~Taxkaraxstakkan~~ To GE Co.	Asks if Co cares send representative to Pensa for test of anti-aircraft searchlight	708
	5-23	GE Co.	Suggests interprtation of specification of turbine cord fire control	706
230341	5-24	GE Co	20 and 30 kw sets for Fed Tel Co, control panels for; states can save time by using 96" material and sawing in two, making panels 47-7/8 in lieu of 48" reqt telegraphic auth.	900
230475	5-24	Gen Vehicle Co	States Mr. A. Bailiff will call in connection with their selective spark control.	736
230600	5-23	Gen'l Electric Co	Lock washeries; reports investigating subject of noncorrodibility.	738
230692	5-26	GE Co	States telephone cord for fire control under specifications 15C-1c, would cost same as specifications given by GE Co.	731

1917

Number.	Date.	From or To—	Subject.	
226025	5-1	GE Co	Alexanderson scheme for simultaneous sending and receiving: reqt report from NY.	875
778	5-2	Gen Vehicle Co	Reqt action on plans forwarded April 21st.	629
226044	5-1	GE Co	Circuit breaker latch. reqt representative be allowed to witness test.	731-1
226485	3-29	General Vehicle Co	(personal) Offers to send assembler to disassemble Monosoupe engine for instruction purposes.	736
226614	5-1	GE Co.	E.F.W. Alexanderson fwds noteson tests of his antenna.	875
226716		David Ghear	Request type D-3 engine for instruction purpose	611--3
931	5-3	GE Co	Quotes prince.	706
778	5-7	Gen. Vehicle Co	States plans were delivered at bureau SE April 3rd and signed for by Chrisman	629
778	5-7	Gen. Vehicle Co.	Are willing to send men to Curtis Co and request advance notice	629
778	5-7	Gen. Vehicle Co.	Fwds. copy of correspondence dated April 21st, forwarding plans by express; recommends investigation	629

N.S.E. Form 134.

GE -- Gk

Number.	Date.	From or To—	Subject.	
227130	5-8	Gen Vehicle Co	States Gnome eng ne made up of rejected parts is ready for shipment for instruction purposes.	736
226950	5-8	To GE Co	Fwds copy of proposed specns for power equipment for El Cayey, for comment and rec.	835
226889	5-7	To GE Co	Expresses thanks for Mr. Edwards' services in Washington during April, in connection with radio material.	793-1
226664	5-7	To GE Co.	Ask when can ship new rotor for 10 Kw gen.	660
778	5-7	Gen Vehicle Co	Elec spark control; states experiemtns so far, favorable.	629
30005	5-10	To R. W. Geldart	Waives mill inspection on linear yds of cotton canvas.	629
28245	5-8	GE	Flax packing; relative to production per month.	629
202	5-7	GE Co	Reports test continuance mfg of type RLC motors and recommends use of RF.	629
227585	5-10	GE Co.	Visual protector for use on aeroplanes Communication received signes by Mr. Alexanderson. Comments	918

1917

Number.	Date.	From or To—	Subject.	
223861	4-19	Genrl Vehicle Co	Acknowledges order on requisition No. 132 for 6 Gnome engines.	736
778	4-19	Gen Vehicle Co	Are investigating matter of difficulty in starting crank.	629
224114	4-21	To GE Co	Re installation of Prof Alexanderson's new t pe of radio antenna for summltaneous sending and receing on shipboard, on PENN.	876
778	4-21	General Vehicle Co	Are forwarding plans of Gnome engines.	629
223639	4-17	S&A	States have report from By Standards that lamps furnished by Westinghouse superior to those furnished by GE.	675-4
224332	4-23	To GE Co	Reqt prices an times of delivery on wooden insulators, as listed., which were recently tested and found satis.	911
778	4-12	General Vehicle Co	Can reduce price on spare parts	629
778	4-21	Gen. Vehicle CO.	Gnome Engines; will deliver 6 to N. Y.	629
224683	4-24	GECo.	Comments on specifications 15-C-1-C L	731
223948	4-20	GE Co	Will rush order for motor gener tors; expect to deliver ten sets within three months reqt confirma ion of verbal order.	882-3
224897	4-26	To GE Co	Reqt test at Navy Aero Sta of "Visual" receiving device.	918

210563	1/5	To E Marcuson	Reqt catalogs on small lead-type sotrage battery, suitable for use as the B battery of an audion detector. W	607

N.S.E. Form 134.

Mar -- Mb

Number.	Date.	From or To—	Subject.	
207528	1/10	To Marconi Co	Marconi set on HANCOCK; gives defects developed in	224-6
28309	1-11	Marconi Co	Asks for authority to make certain changes in mounting of quenched gap aeroplane sets.	629
27158	1/12	Marconi Co	Request Navy furnish 2 standard De Forest audions	629
211539	1-15	To Maximetor Co	Reqt description, prices, etc., on certain models of aeronautical engines.	736
74	1/19	Marconi Co	Asks what changes and modifications are to be made, sample instrument. W	706
212388	1-22	Marine Engineering MAUMEE	Toeing of; article by FA Stanley; request authority to publish.	556-2
28469	1-24	F. W. Marchall & Co	Ferro manganese; request inspector notify company when ready to inspect at Lebanon.	629
27209	2-6	To Marconi Co T	Reqt delivery date each set on contr. Urgently needed. Bu will assit in delivery where possible.	629
27209	2/7	Marconi Co T	Will complete set this month; will expedite	629
28309	2/8	Marconi Co	Aeroplane sets; relative to type of condensers to be supplied with	629
214278	2/8	Marconi Co	Long wave receiver submitted as sample schedule 9213 and subsequently covered by contract; unable to make changes desired and request cancellation of order for	898
214437	2/10	Marconi Co	Valve detectors of improved type now manufacturing; will submit sample	898

1916

Number.	Date.	From or To—	Subject.	
26141	10-19	Marconi Co	BIRMINGHAM: direction finder; expect to make shipment 23rd.S	629
27829	10/16	F. W. Marshall Co	Charcoal iron ready for inspection.B	629
202846	10/17	Mason Mach Wks	Reversing gear backing tests, etc . of engine; gives data on. D	639
28	10/19	Marconi Co	Aeroplane equipment; request extension date of opening. R	706
203045	10/20	To Marconi Co	Direction finder under item 2, contract 26141 will be installed on SALEM	384-6
202458	10/14	Marconi Co	Radio receivers; specifications for; states in order to meet specifications covering variable condenser, either a very large condenser or a large number of index taps required; request instructions.	898
26141	10/19	Marconi Co D	Direction finders; recommends representative test range and accuracy at factory	629
26141	10/19	Marconi Co	Understands will be allowed until Dec. 1st to produce aerial to go with direction finder	629
27809	10/20	Marshall, F. W. Co.	Reqt inspection of pig iron be expedited	629
203492	10/25	To Marconi	Asks if will submit audion detector and oscillator bulbs for test	898
27809	10/21	Marshall & Co	Foundry pig iron relative inspection	629
203553	10/18	(Marburg Bros)	J. Barraja-Fraunfelder advises Marburg Bros NY agents for Ahnstron-Tenow log for submarines	680-1
203675	10/19	Marconi Co T	Request curves received reduction for incorporation in new receiver	898
